The Firm was also recognized by RiskMetrics Group, Inc. for three consecutive years in its annual Securities Class Action Services list as one of the top plaintiffs' securities class action firms in the country, as measured by annual settlement amounts.

The Firm has also served as lead counsel in numerous corporate governance and corporate takeover litigations (both hostile and friendly) on behalf of stockholders of public corporations. The Firm has prosecuted actions challenging numerous highly publicized corporate transactions which violated fair process and fair price, and the applicability of the business judgment rule. These cases have resulted in multi-million dollar improvements in transaction terms and in strengthening the democratic rights of public shareholders:

- ***In re Freeport-McMoRan Copper & Gold, Inc. Derivative Litigation***, No. 8145-VCN (Del. Ch. 2015) (the Firm, as co-lead counsel, recovered \$153.5 million for shareholders and obtained an unprecedented provision allowing the settlement to be distributed to Freeport shareholders in the form of a special dividend. The settlement is one of the largest derivative settlements in the Delaware Court of Chancery history);
- ***In re Great Wolf Resorts, Inc. Shareholders Litigation***, No. C.A. 7328-VCS (Del. Ch. 2012) (the Firm obtained the elimination of stand-still provisions that allowed third parties to bid for Great Wolf Resorts, Inc. - ***In re Mutual Funds Investment Litigation [Federated Sub-Track]***, No. 04-MD-15861 (CCB) (D. Md. 2010) (representing investors in Federated Investors Funds fluctuating mutual funds, the Firm obtained a total settlement of \$3,381,500 in addition to significant corporate governance reforms. The benefits obtained by the Firm were in addition to \$72 million that Federated Investors, Inc. ("Federated") paid pursuant to the settlement of regulatory investigations concerning Federated's alleged market-timing and late-trading activities. The Firm also obtained declaratory and injunctive relief to ensure that the alleged market-timing and late-trading activities would not be repeated);
- ***In re Mutual Funds Investment Litigation [Bank of America/Nations Sub-Track]***, No. 04-MD-15862 (JFM) (D. Md. 2010) (representing investors in Nations Fund Mutual Funds (the "Nations Funds"), the Firm, with lead counsel, achieved settlements that resolved the class action and several related litigations arising from alleged market timing and late trading in various mutual funds in the Bank of America mutual fund family. The settlements established a jointly-recommended minimum allocation of at least \$60 million to shareholders of the Nations Funds from a fund created as a result of Bank of America's settlement of regulatory investigations. In addition to the monetary allocation, the settlements provide for corporate governance changes concerning the detection and prevention of future market timing and late trading in the Nations Funds. The Firm and lead counsel also recovered an additional \$2,100,000 from non-Bank of America defendants);
- ***Kwait v. Berman***, No. 5306-CC (Del. Ch. 2010) (obtained significant amendments to a voting agreement agreed to by RiskMetrics Group, Inc.'s interested shareholders in connection with a proposed merger, as well as additional disclosures concerning the proposed merger);

Ct. 2007) (plaintiffs successfully deterred a going-private transaction proposed by Cablevision's controlling shareholder at an inadequate price. The proposal was ultimately converted to a \$2.5 billion special dividend payable ratably to all Cablevision shareholders. In connection with the settlement, Cablevision agreed to implement corporate governance reforms and other procedures to ensure that the special dividend was financially fair to Cablevision and its public shareholders);
- ***In re Plains Resources, Inc. Shareholders Litigation***, No. 071-N (Del. Ch. 2004) (plaintiffs challenged the buyout of the public shares of Plains Resources by two of the company's senior executives and Vulcan Energy. - ***In re MONY Group Inc. Shareholder Litigation***, No. 20554 (Del. Ch. 2004) (Delaware Chancery Court issued a preliminary injunction enjoining the shareholder vote on the merger pending the issuance of curative disclosures by the MONY defendants; as part of the settlement, certain of MONY's executives forfeited approximately \$7.4 million in change-of-control payments, funding an increase in the consideration received by MONY's shareholders in the merger);

- ***In re Arco Chemical Co. Shareholders Litigation***, No. 16493-NC (Del. Sup. 2002) (the Firm's advocacy led the Delaware Supreme Court to require the company to broaden the rights of public shareholders in change-of-control transactions);
- ***In re AXA Financial Shareholders Litigation***, No. 18268 (Del. Ch. 2002) (\$500 million increased merger consideration);
- ***In re Kroll-O'Gara Shareholders Litigation***, No. 99 CIV. 11387 (S.D.N.Y. and Ohio State Ct. 2002) (derivative case brought on behalf of Kroll-O'Gara to remedy internecine disputes among the company's senior management; the case settled with significant corporate governance changes, including an independent committee of directors to oversee change-of-control transactions and certain other internal management issues);

Ch. 2002) (the Firm successfully represented public stockholders in a trial in Delaware Chancery Court that invalidated a modified "deadhand" poison pill anti-takeover provision; following the affirmance of the trial verdict by the Delaware Supreme Court, the Firm secured the implementation of procedures designed to ensure a full and active auction maximizing shareholder value, paving the way for a takeover of Quickturn at a premium of approximately \$51 million);
- ***In re Ascent Entertainment Group Inc. Derivative Litigation***, No. 17201-NC (Del. Ch. 2000) (involving the proposed sale of the Colorado Avalanche and the Denver Nuggets, both owned at the time by Ascent, to Ascent's CEO and Chairman; by virtue of the Firm's representation, Ascent commenced a new auction for the sports teams, which resulted in a higher price (approximately \$40 million) to be paid for the teams; also, by virtue of the settlement, the parties agreed that the plaintiffs could appoint a director of their choosing to the Ascent board);
- ***In re Foamex International Inc. Shareholders Litigation***, No. 16259-NC (Del. Ch. 2000) (the Firm's efforts culminated in the requirements that the company appoint two independent directors, that it constitute a nominating committee to search for and recommend new independent directors, and that any related-party transactions be reviewed and approved by a majority of disinterested directors);
- ***In re Archer Daniels Midland Corp. Derivative Litigation***, No. 14403 (Del. Ch. 1997) (the Firm, as lead counsel, effected important corporate governance improvements, including the requirement that a majority of the board be comprised of outside directors; the creation of a nominating committee; the requirement that the audit committee oversee corporate compliance; and the requirement that the audit committee be composed of outside directors); and
- ***In re Sears, Roebuck Derivative Litigation***, No. 88 CH 10009 (Ill. Ch. Ct.) (Senior Partner Stanley D. Bernstein pioneered the use of litigation to achieve corporate governance reform in the early 1990s, gaining the addition of outside directors to Sears' board, and expanding the role of outside directors on the company's nominating committee).

**CONSUMER LITIGATION**

---

Bernstein Liebhard also has an active consumer practice. The Firm represented thousands of affected tenants of the Stuyvesant Town and Peter Cooper Village rental apartment complexes in Manhattan. The case centered on allegations that landlords of the rental complexes have, for many years, illegally charged market-rate rents for apartments that should have been rent stabilized under New York City's Rent Stabilization Law, thereby overcharging each affected tenant thousands of dollars per year. The core legal issue was whether landlords could permissibly deregulate and charge market-rate rents for certain "luxury" apartment units in these complexes in years in which the landlords were simultaneously receiving New York City tax abatements, known as "J-51" benefits. Prior to obtaining the \$146.85 million dollar settlement, the Firm, as co-lead counsel, obtained a landmark ruling in favor of tenants from the New York Court of Appeals, the highest appellate court in New York State. The Court of Appeals ruled that the New York statutory scheme prevented landlords of rent stabilized buildings from charging market-rate rents while receiving J-51 benefits for as long as they continue to receive those tax benefits. The Firm continued to aggressively litigate the case and brought nine other cases based on the this decision. The decision overturned state agency regulations that had been in effect for at least nine years. CRAIN'S NEW YORK BUSINESS described it as "a decision that will have colossal implications for tenants and landlords across the city."

The Firm won a verdict of \$14.7 million in 2009 for the clients and class we represented in *Artie's Auto Body, Inc. v. Hartford Fire Insurance Co.*, No. X08-CV-03-0196141S (CLD) (Conn. Super. Ct.), following a four-week jury trial. In addition to the \$14.7 million jury verdict, in 2013 the Firm obtained a \$20 million punitive damage award – the largest punitive damage award in the history of Connecticut's Unfair Trade Practices Act. Regrettably, the verdict and the punitive damage award were reversed on appeal.

The Firm also successfully litigated a consumer class action which resulted in the re-labeling of a popular home medical testing device to properly reflect the product's limitation in

*Wagner v. Inverness Medical Innovations, Inc.*, No. 03-cv-404-J-20 (M.D. Fla.) and obtained favorable settlements in consumer fraud class actions for classes consisting of owners and lessees of certain Volvo automobiles (\$30 million) and certain Saab automobiles (\$4.25 million).

## ***ANTITRUST LITIGATION***

---

The Firm's antitrust practice is also active and growing. Serving as one of the co-lead counsel in the *In re Processed Egg Products Antitrust Litigation*, No. 08-MD-2002 (E.D. Pa.), we have already obtained partial settlements in excess of \$50 million from multiple defendants and negotiated an additional \$75 million recovery from another defendant (not yet submitted to the court for preliminary approval), in this multi-district antitrust case filed against sixteen trade groups and producers alleging an industry-wide, price-fixing conspiracy that raised the price of shell eggs and egg products in violation of the Sherman Antitrust Act.

The Firm served on the Plaintiffs' Executive Committee in *In Re Polyurethane Foam Antitrust Litigation*, MDL No. 2196 (N.D. Ohio), a case involving a price-fixing conspiracy by some of the world's largest manufacturers of flexible polyurethane foam. The case settled for over \$400 million just days before trial.

The Firm was a member of the Direct Purchaser Plaintiffs' Executive Committee in *In re Fresh and Process Potatoes Antitrust Litigation*, No. 10-MD-02186-BLW-CWD (D. Idaho), an antitrust class action commenced on behalf of direct purchasers of fresh and processed potatoes that resulted in a \$19.5 million settlement.

This Firm also served on the court-appointed Plaintiffs' Executive Committee in the *In re Pool Products Distribution Market Antitrust Litigation*, an antitrust case commenced on behalf of a nationwide class of direct purchasers of pool products, filed against a pool products distributor and the three largest manufacturers of pool products in the United States. The plaintiffs asserted claims against all defendants under Section 1 of the Sherman Act for conspiracy to restrain trade, and against the pool products distributor under Section 2 of the Sherman Act for

attempted monopolization. As part of the Plaintiffs' Executive Committee, the Firm secured approximately \$16 million recovery for the class.

On March 24, 2016, the Firm was appointed to the Executive Committee for the Direct Purchaser Plaintiffs in *In re Packaged Seafood Products Antitrust Litigation*, an action consolidated for pretrial proceedings in the Southern District of California. This action arises out of a conspiracy by the largest producers of packaged seafood products ("PSPs") in the United States to fix, raise, maintain, and/or stabilize prices for PSPs within the United States, and its territories and the District of Columbia, in violation of Sections 1 and 3 of the Sherman Antitrust Act (15 U.S.C. §§ 1, 3).

The Firm is also part of the litigation team in *In re Broiler Chicken Antitrust Litigation*, a national class action alleging that beginning in 2008, broiler chicken producers coordinated their efforts to artificially reduce the supply of broiler chickens for sale in the United States in violation of Section 1 of the Sherman Act.

## **COMMERCIAL LITIGATION**

Bernstein Liebhard also has an active commercial litigation practice, where it represents businesses, public pension funds, and other entities in high stakes, complex litigation. For example, the Firm represented the New Mexico Public Employees Retirement Association ("PERA") in an individual action against Wells Fargo Bank and affiliates arising from defendants' mismanagement of PERA's securities lending program. On the eve of trial, the Firm negotiated a \$50 million recovery for PERA, representing over 65% of PERA's damages.

The Firm represented the New Mexico Educational Retirement Board ("ERB") in an action against Wells Fargo Bank and affiliates arising from the mismanagement of ERB's securities lending program. After two years of litigation, the Firm successfully negotiated a \$5 million recovery for the ERB – representing over 50% of its damages.

The Firm acted as special litigation counsel to the Creditors Committee of Pandick Inc. (formerly the largest financial printer in the country) in connection with a complex fraudulent

conveyance litigation and successfully recovered from Pandick's banks and directors over \$14 million for Pandick's creditors.

The Firm also represented the Actrade Liquidation Trust (the "Trust"), the successor to Actrade Financial Technologies, Ltd., a former publicly-traded company on NASDAQ, and Actrade Capital ("Actrade") in two actions – the first (*Meer v. Aharoni*, No. 5141-CC (Del. Ch.)) against Actrade's former Chairman of the Board of Directors related to his misappropriation from Actrade and his fraudulent inflation of Actrade's revenues in order to earn a profit on his options; the second (*Meer v. Deloitte & Touche LLP*, No. 11-cv-06994 (LAK) (S.D.N.Y.)) against Deloitte & Touche, LLP for auditing malpractice and negligence. The Firm negotiated a \$3,050,000 global settlement for both actions in February 2013.

## ***WHISTLEBLOWER LITIGATION***

---

Bernstein Liebhard also has an active whistleblower practice. The False Claims Act has proven to be one of the most effective mechanisms to recover funds that have been stolen from the government through fraud by corporations, contractors, and individual wrongdoers. Since 1986, more than 5,500 *qui tam* actions have been filed and more than \$20 billion in settlements and recoveries have been recouped by the government under the False Claims Act.

Although the False Claims Act covers numerous forms of fraud on the government, the False Claims Act does not cover tax fraud. Blowing the whistle on those who commit tax fraud on the government is governed by the Tax Relief and Health Care Act of 2006. As with the False Claims Act, the Tax Relief and Health Care Act offers individuals the opportunity to report tax fraud and receive a reward for helping the government recover money lost due to tax fraud or other violations of the tax laws.

In 2010, Congress enhanced the Securities and Exchange Commission's whistleblower program with the adoption of the Dodd-Frank Wall Street Reform and Consumer Protection Act. The amendment, among other things, increases the amount of whistleblower awards payable by

the SEC to those who provide the SEC with information concerning violations of the federal securities laws.

Bernstein Liebhard LLP is dedicated to providing experienced, dedicated, and aggressive representation for whistleblowers looking to blow the whistle on those who commit fraud on the government or who violate the tax laws and the federal securities laws. The Firm's whistleblower lawyers have extensive experience providing legal advice and representation to individuals filing lawsuits against persons and entities who commit fraud and other wrongdoing.

## SUPREME COURT AND APPELLATE PRACTICE

The Firm's Supreme Court and Appellate Practice Group (the "Appellate Practice Group") handles all the Firm's appeals and prepares *amicus curiae* briefs on a *pro bono* basis in important cases affecting the Firm's clients. The group consults with our litigation and trial teams at the earliest stages of litigation to ensure that our clients are well positioned to win not only at the trial level, but also in the event of an appeal by either side.

The securities cases in which the Appellate Practice Group has filed *amicus curiae* briefs include: *Stoneridge Investment Partners, LLC v. Scientific-Atlanta, Inc.*, No. 06-43 (U.S.) and *Tellabs, Inc. v. Makor Issues & Rights, Ltd.*, No. 06-484 (U.S.), both before the United States Supreme Court and *In re Dynex Capital Securities Litigation*, No. 06-CV-2902 (2d Cir.), before the United States Court of Appeals for the Second Circuit. These briefs were filed on behalf of eight states and five public pension funds in cases concerning critical issues of investor protection and securities litigation. These states and public pension funds collectively manage approximately \$568 billion of pension funds, represent millions of pensioners, and have an acute interest in ensuring that investors' rights are protected.

The Firm also filed an *amicus curiae* brief in the United States Supreme Court on behalf of Professor Arthur R. Miller in *Exxon Shipping Co. v. Baker*, No. 07-219 (U.S.). The appeal, arising from the protracted litigation following the 1989 Exxon Valdez oil spill, addressed complex issues of procedural law, including the proper application of Federal Rule of Civil Procedure 50. The brief, prepared by the Firm at the request of and in collaboration with Professor Miller, identified certain procedural errors by the United States Court of Appeals for the Ninth Circuit that, if ratified by the United States Supreme Court, threatened to undermine the authority of federal district courts to manage their dockets in complex actions.

In October 2009, the Firm filed an *amicus curiae* brief in the United States Supreme Court on behalf of the AARP, a nonpartisan, non-profit organization of nearly forty million members that is dedicated to addressing the needs and interests of people age fifty and over, and the Detectives Endowment Association Annuity Fund in *Merck & Co. v. Reynolds*, No. 08-905 (U.S.), which was decided by the United States Supreme Court in April 2010. Ruling in favor of the plaintiffs, the Court resolved the standard to be applied by lower courts ruling on the definition of the deadline for filing a securities fraud lawsuit under federal law, adopting the view the Firm advocated for its clients: a plain reading of the statute of limitations – “two years after discovery of the facts constituting the violation” – can only mean that the clock starts running when the plaintiff actually discovers facts sufficient to state a claim.

The Appellate Practice Group also filed an *amicus curiae* brief with the United States Supreme Court in support of the plaintiff’s position in *Wyeth v. Levine*, No. 06-1249 (U.S.), which was decided by the United States Supreme Court in March 2009. The Court, ruling in favor of the plaintiff, decided that FDA regulations did not preempt consumer lawsuits for injuries caused by defective pharmaceutical drugs.

The Appellate Practice Group filed an *amicus curiae* brief with the United States Court of Appeals for the Second Circuit in *UFCW Local 1776 Participating Employers Health & Welfare Fund 28 v. Eli Lilly & Co.*, No. 09-0222-cv (2d Cir.), on behalf of the AARP and Prescription Access Litigation LLC, in support of plaintiffs-appellees. The *amici’s* brief to the Second Circuit

argued that deceptive pharmaceutical marketing can affect doctors' medical decisions, harming consumers and leading to high costs and decreased access to treatment. In addition, the group successfully briefed the issue of whether landlords could permissibly deregulate and charge market-rate rents for certain "luxury" apartment units in complexes in years in which the landlords were simultaneously receiving tax abatements from New York City, known as "J-51," before the New York State Court of Appeals in *Roberts v. Tishman Speyer Properties, L.P.*, No. 131 (N.Y.). The New York State Court of Appeals ruled that the New York statutory scheme prevents landlords of rent stabilized buildings from charging market-rate rents while receiving J-51 benefits for as long as they continue to receive those tax benefits. The decision is reported at *Tishman Speyer Properties, L.P.*, 13 N.Y.3d 270 (2009). The case settled in April 2013 for \$146.85 million (\$68.75 million cash).
